etc.

ACTIVITIES as FREELANCER (2001 – 2004)

---

- Yard Captain / Assistant Yard Captain for several German ship yards (organisation and performance of about 20 sea trials per year + launchings, docking manoeuvres). Therefore, I have excellent ship handling skills
- Working out of nautical and technical expertises
- Surveys (On-Hire, Off-Hire, Condition Survey, Cargo)
- Super-Cargo
- Heavy Lift Surveys (e. g. turbines, transformers, load outs of container cranes onto barges)
- Calculation of transport forces and sea fastenings
- Organisation and supervision of ocean going towages and heavy lift transports for shipyards incl. the contract negotiations (Towcon, Tow-hire, Heavycon)
- Issuing of Towage Approval Certificates
- Working out a feasibility study about shipment of components of the new A380 aeroplane for AIRBUS INDUSTRY Nordenham (D)
- Development of a Bridge-Procedure-Guide for a mega-yacht
- Measurements of ship's manoeuvring performances incl. ascertaining of the contract speed
- Conveyance of a landing craft (about 35 m in length, about 45 years of age) from Germany towards Angola incl. all necessary technical, nautical and administrative preparations
- Port planning for a Ro/Ro-Terminal

ACTIVITIES as Staff Consultant VHT (2004 - 2006)

---

- Damage Surveys
- Casualty Investigations e.g. Collisions, Groundings, Fires
- Preparation of nautical and technical Expert Reports
- Emergency Response Assistance for Owners / Underwriters
- Negotiations of Salvage Contracts
- Negotiation of Salvage Awards
- Negotiations of Disputes resulting from e.g. Collisions
- Condition Surveys
- Warranty Surveys
- Claims Handling
- Giving talks about different subjects e.g. Calculation of Sea fastenings, Salvage Work, Wreck Removal etc.
